

## Dante Elephante

You love the feeling of accomplishment from a new adventure. You believe the world can be changed one adventure at a time. *You believe in the adventure and find joy in exploring uncharted territory, learning new skills and finding the treasure. You want to invest your time in projects with a clear outcome and defined timeline and end date.* For you, the face of God is most clear when you are passionately engaged in a project that show tangible results upon completion.

**Famous Saints:** Florence of Nightingale trained for nursing in Germany with a Lutheran order of deaconesses. She returned home and led a reform for nursing in England hospitals. She also led a group of 38 nurses serving in the Crimean war. She believed her adventures would bring about long-term reform. Although Elizabeth of Hungary lived only to the age of 24, she founded two hospitals, set up programs to use the royal food supplies to feed and care for the orphans and the hungry. Though she had the support of her husband, her charitable works did not make her popular within the royal court.

### Famous Quote:

"I believe that God helps those who set out to do great things for His sake and never fails those who trust in Him alone." St Teresa of Avila
